

W# is growing into a brand that reflects the need for practical design across the boundaries of daily life, meaning work ware sharp

We are producing functional design products that can be worn anywhere, anytime, and that are worth using and that pursue sustainable fashion that is comfortable and shiny for a long time.

COMFORT

Rapid absorption and dryness give you the best comfort from sweat.

PROTECTION

Maintain a constant physical balance from the external environment.

LIGHTNESS

High elasticity and ultra-light material provide unapplied lightness and comfort.

FUNCTIONALTY

Continuous design improvement and high-tech new materials are applied for continuous research and development.

ABOUT DESIGN

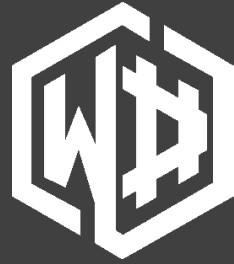

We focus on simple design with human body line and functional design for comfort.

With its unclothed fit and light but restrained design, we are pursuing a stylish design over time.

Regardless of age or place, we are developing practical and functional design products that everyone needs.

We design people and people, people and the environment,
and the future of people through functional clothing.
