

Moonin Tech™ Door Side Guard INTRODUCE

Door Side Guard [Basic] 2020mm | SIZE : Width 210mm x Length 2020mm

Quality of the material : TPR
Country of origin :
R.O.K(Republic of Korea)
Manufacturer : Moonintech Co., Ltd.

Prevents incidents of children's hands getting caught in the dangerous gap along the hinge side of a door as it open and closes.

Information

- For doors with wider gaps between the door and the door frame where ordinary Door Side Guard is not suitable.
- Can be installed on virtually any hinged doors such as reinforced glass doors, wooden doors, steel doors or aluminum doors, bifold doors or even on doors that push open both ways.
- Uses strong double-sided tapes that can be easily installed and removed without leaving any damage or marks. No need for any screws or power tools to install.
- Can be easily detached and reinstalled if the door requires maintenance to the hinges.
- Made from non-toxic TPR material offering superior durability and quality.
